

# This City

KIDZ BOP Kids

This city is my city  
And I love it, yeah I love it  
I was born and raised here  
I got it made here  
And if I have my way, I'm gonna stay

From every corner  
To every block yeah  
And whether it's warm or storming or downright stupid hot, hot  
From the problems all the way to the solutions yeah  
Forget all the troubles, corruption and pollution no

Cause this city is my city  
And I love it, yeah I love it  
I was born and raised here  
I got it made here  
And if I have my way, I'm gonna stay here  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh

Cause this city is my city  
And I love it, yeah I love it  
I was born and raised here  
I got it made here  
And if I have my way, I'm gonna stay here  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh

You can take my picture,  
You can take my name,  
But you're never gonna take my city away  
Cause you can burn it to the ground  
Oh or let it flood, but it's in my blood

Cause this city is my city  
And I love it, yeah I love it  
I was born and raised here  
I got it made here  
And if I have my way, I'm gonna stay here  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh  
For life, uh huh

For life, uh huh  
For life, uh huh

For life
