

Two Is Better Than One

KIDZ BOP Kids

I remember what you wore on the first day
You came into my life and I thought hey,
You know this could be somethin'
Cos' everything you do in words you say
You know it always takes my breath away
Now I'm left with nothin'

So maybe it's true that I can't live without you
And maybe two is better than one
There's so much time,
to figure out the rest of my life
and you've already got me coming undone
and I'm thinking two is better than one

I remember every look upon your face
the way you roll your eyes
and make it hard for breathing
Cos' when I close my eyes and drift away,
I think of you and everything's okay
I'm finally now believing

That maybe it's true that I can't live without you
And maybe two is better than one
There's so much time,
to figure out the rest of my life
And you've already got me coming undone
And I'm thinking two is better than one

I remember what you wore on the first day
You came into my life and I thought hey,

Maybe its true that I can't live without you
And maybe two is better than one
There's so much time
To figure out the rest of my life
But I figured out with all that's said and done

I'm thinking two is better than one
Two is better than one.
