

Don't Get Confused

Kiara

I wear what I want, but it don't mean I want you
And you bought me a drink, but I never asked you to (Never asked you to)
I know you paid, it's not my
Fault you're not laid, so don't cry
When it gets hard, go home if you're feelin' blue

You thought I led you on when I said hello
You think that you can judge if my shirt is too low
You'll never have a shot with the girls I know
Boy, you must be out of your mind
If you think you could be my type

Don't get confused if I'm lookin' at you
Yeah, I'm not tryin' to seduce you
'Cause I only do what I want
Don't need your attention now
Don't be sayin' that I led you on somehow
Don't get confused
You're so confused

Why do I hear that you're talkin' about me?
You're makin' shit up and it's just 'cause we don't agree (Don't agree)
Fuck all these games, don't need 'em
You'll never change, so keep on
Makin' shit up 'cause it's just gonna drive you crazy (Crazy)

You thought I led you on when I said hello
You think that you can judge if my shirt is too low
You'll never have a shot with the girls I know
Boy, you must be out of your mind
If you think you could be my type, well

Don't get confused if I'm lookin' at you
Yeah, I'm not tryin' to seduce you
'Cause I only do what I want
Don't need your attention now
Don't be sayin' that I led you on somehow
Don't get confused
You're so confused

Don't get conf-, don't get conf-
Don't get confused
Don't get confused
Don't get confused

I got money in my pocket, money in my pocket
Money in my pocket, oh yeah
And I never wanted nothin', never wanted nothin'
Never wanted nothin' from you
Got my money in my pocket, money in my pocket
Money in my pocket, oh yeah
And I never wanted nothin', never wanted nothin'
Never wanted nothin' from you, so

Don't get confused if I'm lookin' at you (Don't get confused)
Yeah, I'm not tryin' to seduce you (Tryin' to seduce)
'Cause I only do what I want

Don't need your attention now
Don't be sayin' that I led you on somehow
Don't get confused
You're so confused
