

# Intention

Kiiara

Blood on the street, like I blacked out  
Ghosts in the air, like I'm wack now  
No one really cares when you talk loud  
While I sit in silence, blinking while the light's out

Now I'm here thinking that I messed up  
Looking at you, you don't have chance for me no, no  
Oh ya, ya

(Now I'm here thinking that I messed up  
And I don't understand)  
And I don't know what you're saying  
But you're talking so loud  
(Now I'm here thinking that I messed up  
And I don't understand)  
Then you try to explain it  
But you're never around

Never my intention, no  
Never my intention, no  
Never my intention, no  
No, no ya never my intention  
Never my intention, no  
Never my intention, no  
No, no ya never my intention  
Never my intention

Dust on the ground when I lie down  
Rum on my lips, cut the lights off  
Staring at the ceiling 'til I pass out  
While I wait in silence, wishing you were downtown

Now I'm here thinking that I messed up  
As you try to fix it all, I hesitate to trust ya  
Oh ya, ya

(Now I'm here thinking that I messed up  
And I don't understand)  
And I don't know what you're saying  
But you're talking so loud  
(Now I'm here thinking that I messed up  
And I don't understand)  
Then you try to explain it  
But you're never around

Never my intention, no  
Never my intention, no  
Never my intention, no  
No, no ya never my intention  
Never my intention, no  
Never my intention, no  
No, no ya never my intention  
Never my intention

Never my intention
