

Never Let You

Kiara

Shoulda never let you, yeah
Shoulda never let you

Shoulda never picked up that guitar
Shoulda never let him break my heart
Woulda graduated by fall
Shoulda never

See, yeah, I'd give anything to trade my place with you
Please, I'm alone on top of nothing
You make me, into something you don't even like
I'm alone and I feel nothing

'Cause I got my head stuck, didn't feel right
I don't have a say, didn't have a say
You still got my head stuck, don't feel right
Don't have much to say, don't know what to do

Shoulda never picked up that guitar
Shoulda never let him break my heart
Woulda graduated by fall
Shoulda never

Shoulda never let you, yeah
Shoulda never let you, yeah
Shoulda never let you, ooh
Shoulda never let you, yeah
Shoulda never let you

If it was up to me
Nevermind, I'm not gon' give you that control
Over me
But I would trade this all for nothing

'Cause I got my head stuck, didn't feel right
I don't have a say, didn't have a say
You still got my head stuck, don't feel right
Don't have much to say, don't know what to do

Shoulda never picked up that guitar
Shoulda never let him break my heart
Woulda graduated by fall
Shoulda never

Shoulda never let you, yeah
Shoulda never let you, yeah
Shoulda never let you, ooh
Shoulda never let you, yeah
Shoulda never let you, oh

Oh, all the things you said
(Shoulda never let you)
But I can only do so much
(Shoulda never let you)
But really wanted to fix it
(Shoulda never let—)
Okay I got it, one second

Shoulda never let you, yeah
Shoulda never let you, yeah
Shoulda never let you, ooh

Shoulda never picked up that guitar
Shoulda never let him break my heart
Woulda graduated by fall
Shoulda never

Shoulda never let you, yeah
Shoulda never let you, yeah
Shoulda never let you, ooh
Shoulda never let you, yeah
Shoulda never let you, yeah
