

## Two Thumbs

Kiara

Baby, you got two thumbs and you don't use 'em  
To answer me back and I don't like that  
Make me feel like you don't like me  
Any chance that I get, even a second  
Don't care where I'm at, I hit you right back  
Can you be a bit more like me?

(You) You say you cut and dry, but  
The only thing cut and dry is  
I know that you're near your phone  
(You) You say you black and white, but  
The only thing black and white is  
You don't leave your phone at home

I don't like complaining  
'Cause, babe, in person, it ain't nothing but bliss (Oh, yeah)  
No negotiations (Yeah)  
'Cause I know I got too much ego for this

Baby, you got two thumbs and you don't use 'em  
To answer me back and I don't like that  
Make me feel like you don't like me  
Any chance that I get, even a second  
Don't care where I'm at, I hit you right back  
Can you be a bit more like me?

(You) You say you're cut and dry, but  
The only thing cut and dry is  
I know that you're not alone  
(You) You say you black and white, but  
The only thing black and white is  
You treat me like I don't know

I don't like complaining  
'Cause, babe, in person, it ain't nothing but bliss (Oh, yeah)  
No negotiations (Yeah)  
'Cause I know I got too much ego for this

Baby, you got two thumbs and you don't use 'em  
To answer me back and I don't like that  
Make me feel like you don't like me (Like me, no)  
Any chance that I get, even a second  
Don't care where I'm at, I hit you right back  
Can you be a bit more like me? (And I don't like that)

(You)  
Can you be a bit more like me? (Oh, yeah)  
(You, yeah)  
Can you be a bit more like me? (Oh, yeah)
