

# The Lights Went Off

Kilians

When the lights went off  
you don't remember the place  
where you fall in love  
Where your head's gone to waste  
They keep marching in  
As there are hard times to begin  
You go murdering  
I won't believe it's a sin

Someone is lost  
Who am I?  
and where are you?  
I heard you cry  
Someone went down  
The place you died  
It's pulling me backwards again

Now the lights went off  
As you are turning away  
I see your antic face  
Then my bones break away  
The keep marching in  
As there are hard times to begin  
You go murdering  
I don't believe in that sin  
Someone is lost

Who am I?  
Where are you?  
I heard you cry  
It's what they do  
It's what they say

I saw you try  
And well you lied  
He's a lonely boy  
With a lonely mind  
It's pulling me  
backwards again
