

My Sweetest Enemy

Kill the Romance

I can hear the whisper still shouting at me
Despite all the promises it won't ever vanish
Tormentor killing my soul, eating me alive
Instead of ignorance, should I kill 'em all

Another world of fools
Go before it's too late
Do as I say
Forgive, you're now my enemy

Test me see what happens, repeat your mistake
This poison's blinding my eyes and bleeding through ears
I can't take this anymore, stop it
What the fuck is this
I think I'll end this now

I don't know how I feel today
Should I now go or should I stay
