

Heavier Mental

Killah Priest

Priesthood
Horrorified, horrified, horrified
Crucified
Honoraries to the monastery
The gods are ready
No monetary
It's necessary
Just bless the buried
Mortuary
Walk is heavy
Thoughts are deadly
Bloody Mary
Bloody Mary, Bloody Mary, Bloody Mary
Sanctuary tatted on the angel's belly
Facial hairy
Labeled very scary
Zoroastrian Vatican
Pathogen African
Blasphemous Baphomets
Seance and practices
Tell time with the abacus
Meditate with the amethyst
The all eye seeing
Gods and demons
Odds and evens
Coliseums
Mausoleums
Monotheism
Carbon beings
Devil will tremble
Heavier Mental

Again, again, again
Yeah, blasphemous Baphomets
I speak like Pythagoras
Secrets of chariots
Soon as the tarots flip
Shows you how Judas Iscariot
I'm Jesus of Nazareth
It's seasons inhabitant
Release all the savages
One knee like I'm Kaepernick
Surrounded by candlesticks
Stain glass and Catholics

Insane though it's fatal as angels and sadomasochists
Bound in my rosaries
What I found was my poetry
Screw on the silencer slowly
Hold up, I must remain balanced and holy
'cause what I rhyme and what I say might trigger my brain to Aleister Crowley
I'm a replica
Yeshua
Born in the nebula
That fifty one areas of Central America
Heavy Mental, I was Tesla

And Johannes Kepler
With a flow hard to measure
Chrome hearts and leather
And devilish Jesuits
Prejudiced presidents
I fly off of the Pegasus
Started my exodus
Man was intelligence
Covered with melanin
Pointed to the [?] star gate
Disciple of Yahweh
With a mind like Tycho Brahe
Vivid rhymes get you open like Barclay
Pope said my sins were washed during Pentecost
In the seminar synagogue
Served many gods during renaissance
Prayed in plenty mosques
Plan to revisit Mars
The world will tremble
Heavier Mental
