I kill killing orders like a lieutenant  
Hit the planet earth then explode like a human cannon  
The universal author, born to kill saga  
Givin niggaz head trauma  
Bulletproof shield is made of gold armor  
Brain surgeon is aversions my purgin mind urban  
Scientists found killed and wrapped up in curtains  
Casualties, flashbacks, now simply that  
I attack like a rat, serious as a heart attack  
Professional assassinator professor  
Assassinate your mindstate and broke the metal plate  
Lyrical nostradamus, psychotic mind of sadaam  
Ex-con, attack the pentagon  
With unorthodox firearm from vietnam  
I crucify em, like muslims murdering jews from jerusalem  
Now who's the supreme lyricist? you can't seize this  
When I die, my name'll be worshipped like jesus  
War visual individual incriminate the criminal  
My culture nickel put holes in your face like dimples

Brains get unfrozen when they oppose, as we unfold  
Futuristic scrolls that was prophesized scriptures  
Hitting an untold, I roll with my skull and bones  
Made of solid gold, skin is closing up  
Approach your home, with a war, armageddeon in my home  
Wisdom mind ruler mental intruder  
From the tribe of judah  
Devils dissapear like they went through the  
Bermuda, triangle, erupting on ryzarector tracks  
Like volcanoes, so God swear to me  
I appear two years sample revolution in the burning cup  
Constitution, learned too much, came off must return  
Observe the facts, delivered by, blacks  
Soon as we unite the sky cracked  
A group of ufo's formed a seven in the heavens  
God celebrate devils death day signal  
Jail let loose the criminals, bystanders died  
Waiting for miracles we giving you

Yo wake the f\*\*k up or get broke the f\*\*k up  
The wisdom we apply son soak this shit up

Yo, I make your heart thump like tree stumps  
Be crackin concrete chumps released once  
The earth shifts, vocal points clips he wrote and missed  
Killer vocalist, load his fist blessed with loaded gifts  
Golden clips, shotty slipped like psychotic hits  
In soldier flicks, who wrote the shit superior  
Mines combine the modus click  
Enterprise like german spies, keep my eyes on soviets  
Stay russian my direction I'm wettin like a leaf bone  
Freak poems, seek thrones, to call home where freaks bone  
To each his own, chrome zones, be cloned like chromosomes  
So the chrome, the golden toned champ whip rollin bones  
Fire's on, blazin hot trails at night, barren ville  
Shotty still collaborating on tracks with bobby steels  
Generate a mil, killa bee law, kill or be killed  
Know the ledge, finally, our justice has revealed

The 43rd conviction, incarcerated in hell for eternity  
But my mentality and chemistry made me celestial through the galaxy  
Sparks friction, generating through evaporation  
Slay through meditation, your body is now liquidation  
Even your hemoglobin is swollen with corrosion  
Amputated and rated physical zone disintegrated  
That's what niggaz face when f\*\*kin with the sunz of man  
Go to the dungeon I could lead a hundred men, with a golden pen  
Forced to intercept with the click from shaolin  
Killin devils, scatter they ashes over the sea of mediterranean  
That's my trademark, ps burned in my victims heart  
I be the star from afar illuminating through the dark  
Another burning face of death  
The intiation of the mason, 186 my name's left in the book of revelation  
Reminescing about the days, raising hell  
Representative of a mind, able to lead a city what technicality of mankind  
Mistake trying to keep me behind the closed doors of reality  
All three eyes to the revolution can now escape the blind state of confusion  
Trials and tribulations of the original nation  
Leaves a headache, the only chance of elevation  
Unite with the black coalition  
Sunz of man, population click, wu-tang clan  
First the killarmy, eat your skeletons, buried in the promised land
