

Jon's Song

Killing Heidi

Speak to me and let us be
For you know that's how it could be ...

And race, 'cause it's all I need
Be my everything

What you take is always replaced
But where am I left - with all those behind.

And race, 'cause it's all I need
Be my everything
Race, 'cause it's all I need
Be my everything

Would you wait there - fear what's ahead
Does it mean that we couldn't bear?

And race, 'cause it's all I need
Be my everything
Race, 'cause it's all I need
Be my everything
