

## Pins And Needles

Killing Heidi

If only we could stand the pain  
Casualties of another day  
In the case were all the same  
Theres no pain to feel this stark frame

Needle points over lies  
Make a happy man and why  
As the dust of time goes by  
You're so boring you forget to try

Everything concentric little sign no meaning to me anymore  
I close the door

.. 'Cause its unfair and its unkind  
..And its unfair we are lost in line  
..Again ..Again

Disappointment's hear to stay  
Just keep waiting for the day  
But all the riddles will unravel right before your very eyes  
As you fly away
