

Undertow

Killing Heidi

All the way now, can't you see I'm falling?
All the way down and all around, yeah
Oh and it's okay
I wouldn't say I'm lonely, more just alone
'Cause you see I want you, you, yeah yeah
I want you, you, yeah yeah

Oh when will it go?
Not today I said, I'm caught in your undertow
Dragged down again
And you come around, and I know, I know
Caught in your undertow

All the same now, a battle of will and power
And I don't know how, but hour by hour
You push me around, take it all down
Yeah you win again
'Cause you see, I want you, you, yeah yeah
I want you, you, yeah yeah

Oh when will it go?
Not today I said, I'm caught in your undertow
Dragged down again
And you come around, and I know, I know
Caught in your undertow

I'm down, I'm down, I'm down
I'm down, I'm down, I'm down
I'm down, I'm down, I'm down

Oh when will it go?
Not today I said, I'm caught in your undertow
Dragged down again
But you come around, and I know, I know
Caught in your undertow

I know, I know
I want you, you, yeah yeah
