

Praise Groove

Kim Burrell

Come on everybody, praise the praise
Get your hands up, lets move
Drop all of your burdens, forget about it
It's a praise joy groove

Come on everybody, praise the praise
Get your hands up, lets move
Drop all of your burdens, forget about it
It's a praise joy groove

This feeling I feel, like no other
Is it real?
I can't move, I can't breathe
I can't eat, I can't sleep
I just wanna stay right here
In His presence, I feel
It's contagious, it's phenomenal
It's outrageous, it's incredible

Come on everybody, praise the praise
Get your hands up, lets move
Drop all of your burdens, forget about it
It's a praise joy groove, let's groove

Come on everybody, praise the praise
Get your hands up, lets move
Drop all of your burdens, forget about it
It's a praise joy groove, let's groove

This feeling I feel
My heaviness kills, it destroys, tears down, breaks loose
Sets free
I just wanna stay right here
Deliverance I feel
It's victorious, amazing, glorious, crazy
His presence I like
It just feels right
Stay here
I don't wanna leave
I don't wanna stop
I just wanna praise
I just wanna rock
I just wanna stay right here
In His presence
I feel it's contagious, it's phenomenal
It's outrageous, it's incredible

Everybody come on
Clap your hands
Stop your feet
Come on everybody, praise Him
Come on everybody, let's groove
It's on you heavy
Go head and dance
Go head and move

Come on everybody, praise Him

Come on everybody, feel the groove
Clap your hands
Scream aloud
Make some noise
Rejoice

Come on everybody, praise Him
Come on everybody, let's groove
It's on you heavy
Go head and dance
Go head and move

Come on everybody, praise Him
Come on everybody, feel the groove
Clap your hands
Scream aloud
Make some noise
Rejoice

Everybody come on
That means you
That means me
