

Big Girl

Kim-Lian

what do you want to be when I grow up
a teacher a nurse or a bumb
I don't need you to judge what I did
stop treating me like a kid

if I wanna change my mind without asking you
if I wanna take my time than I'm going to

'cause I'm a big girl
I'm a very good girl
yes I'm a big girl
and you don't have to worry 'bout me this time
just trust me I'll be fine
and hey yeah - do you ever think of letting go
and hey yeah - before I lose my mind

everything I want to do you say no
when I ask you why - 'cause I told you so
if I wanna tie my shoes without help from you
guess no-one ever sheltered you

and hey yeah
what ya gonna do when I'm not around
and hey yeah - you can't make the clock unwind

I keep telling you

I'm a big girl
I'm a very good girl
yes I'm a big girl
and you don't have to worry 'bout me this time
just trust me I'll be fine
and hey yeah - do you ever think of letting go
and hey yeah - before I lose my mind

I'm a big girl
and you don't have to worry 'bout me this time
'cause I'll be fine
I'm a big girl
and you don't have to worry 'bout me this time

'cause I'm a big girl
I'm a very good girl
yes I'm a big girl
and you don't have to worry 'bout me this time
just trust me I'll be fine
and hey yeah - do you ever think of letting go
and hey yeah - before I lose my mind

I'm gonna make it on my own
