

Come Back to Me

Kim-Lian

I get up, I'm leaving the bed
We used to share
I got a feel so lonely
So lonely alone
I know recall everynight
It's not enough, I waited for so long now
Oh, so long, so long
I can remember when you left me here again
It hurts

Come back to me, come back to me
I'm empty as empty can be
Come back to me, come back to me
I'm lonely as lonely can be
It doesn't matter all you get here
Come now, come here, come back to me!

Ooh-ooh-ooh
Ooh-ooh-ooh
Ooh-ooh-ooh
Ooh-ooh-ooh

Good for you, you're doing okay
Sad for me, I celebrate my birthday
I wish you were here with me
Such a struggle living apart
Such a part time love in relation, uh-oh-uh-oh-uh-oh
I cannot seek around
In this world love's about
It hurts

Come back to me, come back to me
I'm empty as empty can be
Come back to me, come back to me
I'm lonely as lonely can be
It doesn't matter all you get here
Come now, come here, come back to me!

Ooh-ooh-ooh
Ooh-ooh-ooh
Ooh-ooh-ooh
Ooh-ooh-ooh

Every night alone
Talking to myself
When will you come home?
I hope

I can go on like this forever
My life without you sink complete

(Come back...to me, baby)

Just come back to me, come back to me
Take over here, come back to me

Come back to me, come back to me

I'm empty as empty can be
Come back to me, come back to me
I'm lonely as lonely can be
It doesn't matter all you get here
Come now, come here, come back to me!
