

Tennessee Water

Kim Mitchell

Looking for the good life, in between all the clatter
Tonight I'm at the Bojar Grill, and they're serving up only Tennessee water

We gotta turn the party down, we only got 'til tomorrow
So pop them corks you mothers, and let's start drinking all the Tennessee water...

(wa... wa... wa... wa... water...)

We're just high steppin cousins, drinkin up all the Tennessee water

Tonight we're at the Bojar Grill, and maybe Ruby's showin' us more than she oughta

We gotta turn the party down, we only got 'til tomorrow
Said bring that bill for after, and let's start drinking all the Tennessee water...

Cause our motto is, what's a little lust between friends
Never say you're goin' home, sayonara prohibited
Ruby's got some special bottles, drinks for all of her friends
So never say you're goin' home, no sayonara, promise again...
