

# Heart to Break

Kim Petras

Any time, that you like  
Gonna give you my heart to break  
Angel eyes, tell me lies  
Gonna give you my heart to break

One look at you, I'm powerless  
I feel my body saying yes  
Where's my self control?  
And when you touch me, I'm a fool  
This game I know I'm gonna lose  
Makes me want you more

Even if it means that I'll never put myself back together  
Gonna give you my heart to break  
Even if I'll end up in shatters, baby it doesn't matter  
Gonna give you my heart to break

I tried to fight, but I can't help it  
Don't care if this is my worst mistake  
'Cause no one else could do it better  
That's why I give you my heart to break

Butterflies, every time  
Gonna give you my heart to break  
Devilish, every kiss  
Gonna give you my heart to break

One look at you, I'm powerless  
I feel my body saying yes  
Where's my self control?  
And when you touch me, I'm a fool  
This game I know I'm gonna lose  
Makes me want you more

Even if it means that I'll never put myself back together  
Gonna give you my heart to break  
Even if I'll end up in shatters, baby it doesn't matter  
Gonna give you my heart to break

I tried to fight, but I can't help it  
Don't care if this is my worst mistake  
'Cause no one else could do it better  
That's why I give you my heart to break

Every time  
Every time  
Heart to break  
Yeah

One look at you, I'm powerless  
I feel my body saying yes  
Where's my self control?  
And when you touch me, I'm a fool  
This game I know I'm gonna lose  
Makes me want you more (more, more)

Even if it means that I'll never put myself back together

Gonna give you my heart to break  
Even if I'll end up in shatters, baby it doesn't matter  
Gonna give you my heart to break

I tried to fight, but I can't help it  
Don't care if this is my worst mistake  
'Cause no one else could do it better  
That's why I give you my heart to break
