

# Raise Your Hands

Kimberley Locke

When you feel like you're out on your own  
And the world is shutting you out  
When you feel like you're down on your luck  
It's time to realize you're not on your own

Raise your hands to the sky  
All you have to do is try  
Keep your hand held to the sky  
All you have to do is try

There's no turning back, no, no  
It's all a part of you  
There's no turning back, no, no  
It's only up to you

Yeah, yeah, yeah, yeah

Take some time to figure it out  
You will find a path of your own  
Just get up, break away  
Trust and you'll land in the hand of faith

Raise your hands to sky  
All you have to do is try  
Keep your hand held to the sky  
All you have to do is try

There's no turning back, no, no  
It's all a part of you  
There's no turning back, no, no  
It's only up to you

No turning back  
No turning back  
No turning back  
No turning back

Raise your hands to sky  
All you have to do is try  
Keep your hand held to the sky  
All you have to do is try

There's no turning back, no, no  
It's all a part of you  
There's no turning back, no, no  
It's only up to you
