

The Spirit of Christmas

Kimberley Locke

It's just about that time of year
Of sleigh bells jingling on a midnight clear
The smell of pine and of pumpkin pie
Oh, it's gotta bring a tear to your eye

Now I don't know if you still believe
That Christmas magic sparkling round the tree
But what you get's not always what you see
There's so much more to give and receive

Merry Christmas to you
The winter winds might chill you through
So keep the spirit of Christmas alive
Merry Christmas

If you had troubles pack them all away
'Cause Christmas isn't just a single day
You don't need money to give your love away
You just need to know how to say

Merry Christmas to you
The winter winds might chill you through
So keep the spirit of Christmas alive
Merry Christmas, my friend
This song is all I have to send
To keep the spirit of Christmas alive
Merry Christmas

Merry Christmas to you
The winter winds might chill you through
So keep the spirit of Christmas alive
Merry Christmas, my friend
This song is all I have to send
To keep the spirit of Christmas alive
Merry Christmas

Merry, Merry Christmas
Merry Christmas, my friend
Merry, Merry Christmas
Merry Christmas, my friend
