

# The Goldfish Song

Kina Grannis

I feel defeated again  
I'm always losing to myself  
I tried to build a better me  
Shacked a castle and it fell down

I had the right intentions  
Sometimes my hope envelopes me  
And I can't learn the lesson  
Not to send a goldfish to the sea

This matter is mine  
Don't worry, I'm fine  
This matter is mine  
This matter is mine  
Don't worry, I'm fine  
This matter is mine

I know what you've been thinking  
It's too soon to empty my cocoon  
This butterfly's not ready  
But, wouldn't she know better than you

I'm not gonna give it up  
This matter is mine  
(I'm not gonna give it up)  
Don't worry, I'm fine  
This matter is mine  
(I'm not gonna give it up)
