

Valentine

Kina Grannis

Love, it's a special day
We should celebrate and appreciate
That you and me found something pretty neat
And I know some say this day is arbitrary

But, it's a good excuse
Put our love to use, baby
I know what to do, baby
I, I will love you
I'll love you
I'll love you

Love, I don't need those things
I don't need no ring
I don't need anything
But you and me, 'cause in your company
I feel happy, oh, so happy and complete

And it's a good excuse
Put our love to use, baby
I know what to do, baby
I, I will love you
I'll love you
I'll love you

Yeah, it's a good excuse
Put our love to use, baby
I know what to do, baby
I, I will love you
I'll love you
I'll love you

So, won't you be my honeybee?
Giving me kisses all the time
Be mine
Be my Valentine

So, won't you be my honeybee?
Giving sweet kisses all the time
Be mine
Be my Valentine

Oh oh oh oh oh
Be my Valentine
