Animal hannibal and I move just like the hand that move round the clock Mmm Hmm
Don't need no GPS girl I know how to go down till I find your spot mmm hmm
Girl I seen a nigga at your front door
Won't ya sit drippin when them panties fall
Girl you know that pussy like a gang sign mmm

I'm in the desert burning on the cactus
Its funny how the tables turn like some turntables I been itching I been muhfuckin scratching
I bet you motherfuckas passing don't persevere with passion
Don't take it personal lets take any person and ask him
Personally ill be laughing
Versus me with the action
Hearses be in reverse
Purgatory the worse
Verses be in the curse
Curses be in disperse
Way beneath the surface the surface being the earth
Earth being the mother that birthed me and the other son
G.O.A.T. and I'm out this muhfucka, done

Yall don't want know problems in this thing
Swear to god yall won't see my nigga
I just came here to get my change
