

Only Nigga Left

Check it

I grew up watching the ballers that be on the court
But learned from the ballers that was beyond the court
For a project nigga to make it be on this court
It was two types of hustlers: Leon and Shawn
You know, Leon would get his G on, niggas is peons
'Finity J30, brand new Dion's
That's what he be on, wanted black beams and rims
But Shawn was more quiet like gap jeans and timbs
A young black king is that creaming pimp
With a sickness for money no vaccine could fix
Croc in his right hand, he had dreams to get rich
You could probably find him where you last seen your bitch
But Leon give it all he got, get his street on
Triple fat goose on the block with his heat on
Tall nigga, dope money, fresh feet
Thugged out, cornrolls, gold teeth
Am I more like Shawn? Sure I am
But I still thank Le for the bou I am
It just helped me understand this war I'm in
I ain't gon let you kill me before I can
Kill you

All these niggas want to kill you
And all these bitches want your money
How you want to hand out a nigga
And he never did nothing for me
You don't give a fuck how I feel
You don't give a fuck if I eat
So I don't give a fuck about y'all
Cause y'all don't give a fuck about me
I'm feeling like the only nigga left, feeling like the only nigga left
Feeling like the only nigga left, feeling like the only real nigga left
They got me feeling like the only nigga left, feeling like the only nigga left
ft
I'm feeling like the only nigga left, feeling like the only real nigga left
Bitch nigga!

Uh! Who raised you new niggas
You're clearly stuck, crazy glue niggas
Fucked up future they gave to you niggas
Can you dig? they just dig graves for you niggas?
Uh! I praise for you niggas, unlimited
Limited days for you niggas
Cause you [?] stuck in the maze and you niggas
Don't really give a fuck, it's amazing you niggas
Can't feel the bullets that's grazing you nigga
I'm praying for the nigga who preys on you, nigga
They playing you
I set a place for you niggas
You oughta thank God, he favoured you niggas
That's right, I serve God, nigga
They ain't gon teach you that on Worldstar, nigga
They curve y'all niggas, By giving you the worst of the worst
It's life in the words to this verse

But remember

All these niggas want to kill you
And all these bitches want your money
How you want to hand out a nigga
And he never did nothing for me
You don't give a fuck how I feel
You don't give a fuck if I eat
So I don't give a fuck about y'all
Cause y'all don't give a fuck about me
I'm feeling like the only nigga left, feeling like the only nigga left
Feeling like the only nigga left, feeling like the only real nigga left
They got me feeling like the only nigga left, feeling like the only nigga left
I'm feeling like the only nigga left, feeling like the only real nigga left
Bitch nigga!

Slept in households, not a whole lot of love
Cried a lot of tears, seen a whole lot of blood
Been through a lot of hurt, niggas kicked dirt on me
Fuck it! some places build homes out of mud, real shit
The shit I'm recalling today, while my dollar and a dream was 3 quarters away
Lost one deal, gained one more deal
Learned half of the time niggas want [?]
Remember my story about the genius and the dummy?
Genius was getting smarter, dummy was getting money
The dummy kept getting dumber, the genius was good at math
Calculated some numbers and now I'm back on that ass
And calculating the calculus, catastrophic collisions
While calibrating to kill em with cataclysmic conditions
Visions, I see beyond the court
I see you Leon, I appreciate what you taught

All these niggas want to kill you
And all these bitches want your money
How you want to hand out a nigga
And he never did nothing for me
You don't give a fuck how I feel
You don't give a fuck if I eat
So I don't give a fuck about y'all
Cause y'all don't give a fuck about me
I'm feeling like the only nigga left, feeling like the only nigga left
Feeling like the only nigga left, feeling like the only real nigga left
They got me feeling like the only nigga left, feeling like the only nigga left
I'm feeling like the only nigga left, feeling like the only real nigga left
Bitch nigga!
