

## Blue

King's X

I guess it got the best of you  
You never thought it would come true  
A big surprise out of the blue  
And every ending will begin  
You never lose you never win  
And the world can be so cruel

You're not going crazy  
Everything's changing  
And if there's no change  
Then you'll go crazy

And it's always on your mind  
One day your soul you cannot find  
And then you want to break the rules  
I see a part of you has died  
And you live your life in lies  
With more surprise out of the blue

You're not going crazy  
Everything's changing, yes it is  
And if there's no change  
Then you'll go crazy

You're not going crazy  
Everything's changing, yes it is, oh  
And if there's no change  
Then you'll go crazy

Don't, don't, don't, don't think it's crazy  
It's never too late, no  
Make somebody listen  
Act like you're crazy, oh yeah

Out of the blue  
Out of the blue  
Out of the blue
