

Don't Believe It

King's X

This is not the end of the road
It goes on for maybe miles and miles
This is not the time to give up hope
But it's easier said than done

It's easier said than done
It's easier to give up and run
It's easier

Don't believe it
It's a lie
Don't believe it
Don't you even try

We have heard the man and devil lies
We've heard it all for far too long
This is not the time to be weak
But if you are well you're not alone

It's easier said than done
It's easier to give up and run
It's easier

Don't believe it
It's a lie
Don't believe it
Don't you even try

Don't believe it
It's a lie
Don't believe it
Don't you even try

It's easier
It's easier
It's easier
It's easier

Don't believe it
It's a lie
Don't believe it
Don't you even try

Don't believe it
It's a lie
Don't believe it
Don't you even try

Don't believe it
