

It's Love

King's X

I sit in a chair
Reflecting back upon my life
And I have so much yet to learn
And so much yet to see and do

It's love that holds it all together
I just had to let you know
That it's love that's holding back the weather
And the same will let it go

I sit on the beach feeling the wind
Feeling your hand
In all there's a ship on the ocean
And I can't decide if I like it

It's love that holds it all together
I just had to let you know
That it's love that's holding back the weather
And the same will let it go

Ahh, ahh
It's love that holds it all together
I just had to let you know
That it's love that's holding back the weather
And the same will let it go

It's love that holds it all together
I just had to let you know
That it's love that's holding back the weather
And the same will let it go

Love
Love
Love
