

Mississippi Moon

King's X

Today I walked, today I ran
Today I tried to figure who I am
Yesterday we played in our waterfall
Dancing with the summer, laughing at it all

Over the Mississippi moon
Have to make myself remember
It's something that I used to know

Over the Mississippi moon
Got to get myself together
I've started seeing blue and gold

Today I flew over the hill
Reaching for that feeling, one more thrill
Yesterday the same, tomorrow never knows
I carry all my life wherever I go

Over the Mississippi moon
Have to make myself remember
It's something that I used to know

Over the Mississippi moon
Got to get myself together
I've started seeing blue and gold

Over the Mississippi moon, over, over
Over the Mississippi moon, over, over

Over the Mississippi moon
Have to make myself remember
It's something that I used to know

Over the Mississippi moon
Got to get myself together
I've started seeing blue and gold

Blue and gold
I've started seeing blue and gold
Blue and gold
