

Pray

King's X

And if you feel that what you think is true
If you found peace deep inside of you
If your faith made a mountain move for you then
Don't forget to pray for me, hear me now

If you think that Jesus has saved you
Mother Mary is waiting there for you
If you think that god has spoke to you then
Don't forget to pray for me, hear me now

Pray for me
Pray for me
If you really do believe
Then don't forget to pray for me
Hear me now

If you think there's heaven when you die
Waiting for your freedom for your life
When you pray does Allah answer you
Then don't forget to pray for me, hear me now

And if you live in the promised land
And your temple will be built again
If Moses brought you out of pharaoh's hands
Then don't forget to pray for me, hear me now

Pray for me
Pray for me
If you really do believe
Then don't forget to pray for me
Hear me now

You know, every day I look at God
All around me, so near yet so far
If you think you're better off than me
Then don't forget to pray for me
Oh, hear me now

Pray for me
Pray for me
If you really do believe
Then don't forget to pray for me
Hear me now

Umm, umm...
Don't forget to pray for me
Hear me now
