

## Two

King's X

Two words  
Love, hate  
Where are you  
You know who you are  
Two words  
Love, hate

Touch me  
Truly  
Where are you  
You know who you are  
So I'm asking you  
So far

Don't know where to look anymore, I can't find you  
Don't know where to look anymore, where are you

Where are you  
You know who you are  
So I'm asking you  
So far

Two words  
Love, hate
