

Won't Turn Back

King's X

Somewhere in my mind I won't forget
It's hard to erase the bad times from my mind
So much that I've done now I regret
And there is no replacement for time

It's foolishness when I repeat an act
When before it only got me burned
With help it's not hard to turn away
But lessons can be hard to learn

I won't turn back
I won't turn back oh no oh no

If I want to change then I must stop what I'm doing
It's hard to desire the things that I despise
I'm learning to take those ninety degree turns
It's all about how I can change my life

I won't turn back
I won't turn back oh no oh no
