

## Buried In Black

### Kingdom of Sorrow

A moment of chance buried in black  
Ink the pages with my blood  
Held in time by hands of vengeance

A moment of chance buried in black  
Ink the pages with my blood  
Held in time by hands of vengeance

Revelation  
A glimpse of this awful finality  
Torn wings bleed onto tattered faces  
Betraying my every mortality  
Ink the pages

Ink the pages with my blood  
Betraying this mortality  
A glimpse of finality  
Ink the pages with my blood  
A moment of chance buried in black  
Bury it!

Break the glass of sorrow upon the stone  
In love what does not fear to suffer or to burn  
Despised  
Ink the pages  
Ink the pages with my blood  
Betraying this mortality  
A glimpse of finality  
Ink the pages with my blood  
A moment of chance buried in black

My heart is bleeding  
I'll sunken in  
I'm wounded by your wrath

My heart is bleeding  
I'll sunken in  
I'm wounded by your wrath

Blood will triumph over all  
Blood will triumph over all

A moment of chance buried in black  
Ink the pages with my blood  
Held in time by hands of vengeance

A moment of chance buried in black  
Ink the pages with my blood  
Held in time by hands of vengeance
