

# Payin' Hard

Kip Moore

Heaven knows I've had a hell of a time  
But like the night gives way to the morning light  
There's a pounding in my head again  
I'd be lyin if I said I wasn't tired

I can't help but think of Janie and those pretty eyes  
Yeah she was sweet as berries on a summer vine  
She had a heart of gold, we were burning coals  
Hotter than a sidewalk in July

At the expense of my heart  
Lord I've cashed in my soul  
Chose this old guitar  
Before the only love I've known  
I gotta live with that  
Lose sleep with that  
When I close my eyes  
I'll die with that, yeah  
My life's a credit card  
Play now, pay later  
And I'm paying hard

Well I've heard it said that moments come and then they pass  
And it sure passed me by when I should've saw my dad  
But I plugged it in to another town  
Swore another chance would come around again  
Yeah I plugged it in to another town  
Swore another chance would come around again

And now it's gone the kinda gone that don't come back  
I only see him now in dreams that I have  
I gotta live with that  
Lose sleep with that  
When I close my eyes  
I'll die with that, yeah  
My life's a credit card  
Play now, pay later  
And I'm paying hard

So long my friends I guess this is my farewell  
Damn all these pennies swimming in my wishing well  
Told every single sorry that I had to tell  
I'll live with that  
Sleep with that  
Make my peace  
And I'll die with that, yeah  
My life's a credit card  
Play now, pay later  
And I'm paying hard

And I'll live with that  
Sleep with that  
Make my peace  
And I'll die with that, yeah

I'll live with that  
Sleep with that

Make my peace  
And I'll die with that, yeah
