

Gonna Be a Hot One

Kira Isabella

Holding your hand burning up the daylight
In your daddy's black beemer
With the windows down
Staying out late talking bout forever
Wonder how it can get any better than now
Gotta make it back home before midnight
But I like the way you're holding me so tight

My heart races when you're with me
I start wishing you kiss me
Your hand in mine in the sun
Summers gonna be a hot one

Sunglasses lookin' in the rearview
Yellow bus outta here to leave it all behind
Everybody says were not gonna make it
I'll never go of yours promise not to break mine
When the middle of the nights hard to sleep through
I got a t-shirt that smells just like you

My heart races when you're with me
I start wishing you kiss me
I see your picture every time I blink
And I wanna wanna be that girl your obsessed with
One look and all I really need is your hand in mine
In the sun
Summers gonna be a hot one

We're trying everything once never ever wanna let go
Got the pedal to the metal
Cause we don't know how to take it slow
Here we go

My heart races when you're with me
I start wishing you kiss me
I see your picture every time I blink
And I wanna wanna be that girl in the white dress
That girl that you're totally obsessed with
Your hand in mine in the sun
Summer gonna be gonna be gonna be a hot one
Gonna be a hot one
