

# Soon

Kira Isabella

You've been so patient with me  
Just waiting on me to get my world figured out  
Floating in, floating out  
I promise I ain't leading you on  
But bits and pieces of songs  
No I ain't gonna lie, it's always on my mind

Don't go walking away  
I ain't walking away  
Any day now, any day now

I promise baby soon  
Soon you'll know why  
Soon you'll know who I am  
And what I've been talking 'bout  
Keep your cool  
Good things in good time  
Like a birthday surprise  
Just close your eyes  
I'll show you my cards when I'm all good and ready  
Fall from the sky raining down like confetti  
Baby soon  
Baby soon

I can't wait for your mind to be blown  
With what I've been working on  
A lotta something for you, little something for me  
Anticipation, oh it's burning, burning  
Burning, burning, burning you up  
What you want boy I got it  
'Cause you know I'm about to drop it

Soon  
Soon you'll know why  
Soon you'll know who I am  
And what I've been talking 'bout  
Keep your cool  
Good things in good time  
Like a birthday surprise  
Just close your eyes  
I'll show you my cards when I'm all good and ready  
Fall from the sky raining down like confetti  
Baby soon

Will be singing from the same melodies  
Any day now, any day now  
Any day now

Soon  
Soon you'll know why  
Soon you'll know who I am  
And what I've been talking 'bout  
Keep your cool  
Good things in good time  
Like a birthday surprise  
Just close your eyes  
I'll show you my cards when I'm all good and ready

Fall from the sky raining down like confetti  
Baby soon  
Baby soon

Soon  
Oh baby  
Soon
