

Hold It Down

Kirko Bangz

Say nigga I'm a hold it down
For my old G's, for the young G's,
For them real niggas for the trill niggas
Everywhere that I go I'm gon' hold it down
For the city main, gotta get it main I'm coming down
I'm gripping grain, I'm drippin pain
You know I hold it down
For my old G's, for the young G's,
For them real niggas for the trill niggas
Everywhere that I go I'm gon' hold it down
For the city main, gotta get it main I'm coming down
I'm gripping grain, I'm drippin pain
You know I hold it down

I hold it down up in this bitch
Don't mess around and get your ass climbed in this bitch
And I don't take this shit for granted
This niggas I hear bitchin' man I'm getting
What you take this shit for nothing

So I'm a keep fucking and singing
These niggas in my city, all up in my business
Stop asking bout a nigga

For them real niggas for the trill niggas
Everywhere that I go I'm gon' hold it down
For the city main, gotta get it main I'm coming down
I'm gripping grain, I'm drippin pain
You know I hold it down
For my old G's, for the young G's,
For them real niggas for the trill niggas
Everywhere that I go I'm gon' hold it down
For the city main, gotta get it main I'm coming down

Sack off in my 'saci jeans

She said that she love a nigga
I say I'm your other nigga
Yeah I hold you down, with that weak shit for your other nigga
All day, all night she want a nigga like me
Say you want a moly nigga, I say bitch I might be
Late to say I got a pound and bullet so don't make a sound
Million dollar question is you gon' hold me down

Say nigga I'm a hold it down
For my old G's, for the young G's,
For them real niggas for the trill niggas
Everywhere that I go I'm gon' hold it down
For the city main, gotta get it main I'm coming down
I'm gripping grain, I'm drippin pain
You know I hold it down
For my old G's, for the young G's,
For them real niggas for the trill niggas
Everywhere that I go I'm gon' hold it down
For the city main, gotta get it main I'm coming down
