24's on my ride, bad bitch up inside  
5% percent in my tint, peanut butter atire  
Coming out with that train  
Nigga know you can try  
And nigga know you can sip  
If none you niggas ain't by  
I hold my H town about the window  
And blow it up to the sky  
My pinky ring and my watch bling  
And they recognizing my shine  
A young nigga so trill,  
Repping that east side  
I'm coming down and I'm swanging hard  
So you bitches know what I'm bout

No top, paper plates, I'm glass house on chrome  
Too real with 2 cups, in the 2 seater getting gone  
I'm far away from them clowns  
I'm too 90, I'm gone  
Got them little faces that old money  
My paper seem to be grown  
This bad bitch wanna bone  
I met her in San Anton'  
Then I put her on then made her walk  
You know my mind is on  
My grind is on, my shine glowing  
Pulling up my stereo phone  
You broke lazy and talking down  
Please stay above off my phone  
And stay up off of my nuts,  
You hoes weren't here when I was alone  
I smashed a broad in the parking lot  
She ain't never been in my home  
I called a cheap by the wrong name  
But that's my bad, I was stoned  
I'm showing skill, my cup fill  
I'm texting trill and I'm way too gone
