

# Nasty Nigga

Kirko Bangz

Let me talk my shit  
Show 'em how I do it  
Everyone know how I get down  
I see you girl  
I just bought me a new pink ring by the way  
Now I see the gosh

Uh I met this girl on the south side  
She was bad and she always keep her mouth wide  
She got me thinkin' 'bout some things that I'm supposed to do  
Girl, I've been callin' cause I've been tryna get close to you  
And don't be lyin' with that man up in that work shit  
Or how you and your husband tryna work shit  
I keep it pimp but won't drop your name in my verses  
But how them tight's be on your ass got me nervous  
I'm sippin' alcohol and hoppin' I don't burst quick  
And this dick hard enough to make the earth split  
I put it in and she tell me that it hurt a bit  
I know the whole hotel probly heard the bitch  
She scream my name out and tell me "where my name at? "  
On her ass I tried but nothing came out  
She lay me down and rode me like a Maybach  
I grab that ass, suck them titties, stuntin' simmilak cause...

I'm a real nasty nigga  
Yea, I'm a real nasty nigga  
Say I'm a real nasty nigga  
I'm a real nasty nigga, shit  
Say I can get nasty with ya  
Girl, I can get nasty with ya  
Cause I'm a real nasty nigga  
I'm a real nasty nigga

Bitch shut the fuck up, put that but up  
Put your face in the pillow, don't you come up for air bitch  
You feel that dick, it's like cher, bitch  
Pullin' on your hair, choke you out, I'm like "yea, bitch"  
You like that nasty shit? Spit on it then put it in  
Fuckin' for an hour long then we straight fuck again  
The sun come up, come on you don't watch the duck  
She lick the nut up, I beat it up like namchucks  
We up, eat your pussy, make you curl your toes up  
Pull up, now we fuckin' slow motion, roll up  
Costa, speed it up because she rollin'  
They impact the gat but they whole in (nigga what?)  
Ciroc baby, my sex game poppin' up  
Make a bitch bite, tell that bitch to get on top of her  
Turn that bitch out, now she don't know what she about  
Bang bang, kick 'em out, cum in her mouth, no doubt

I'm a real nasty nigga  
Yea, I'm a real nasty nigga  
Say I'm a real nasty nigga  
Yea, I'm a real nasty nigga  
Girl, I can get nasty with ya  
I can get nasty with ya  
Cause I'm a real nasty nigga

I'm a real nasty nigga

And that shit turn her ass around for that 69  
How many licks does it take? I'm on 89  
That pussy taste like water, my favorite kind  
I lick the tats on her back, yea, every line  
She speak in different languages when I get behind  
I go deep inside that ass tryna feel her spine  
Stroke flow to that beat of that number 9  
We hit it fast but she tellin' me to slow it down  
My nigga tell me to put my finger up in her butt  
She tell me that's the fastest way to make these bitches nut  
I nut the bitch and keep fuckin' until she fall in love  
I feel asleep into good here, I'm waking up  
It's 5: 30 so hun a nigga probly done  
But missin' out on this dick, man he don't pay enough  
I congratulate the bitch and put her knees up  
Hit her chest and drop my deposit up in her gut cause...

I'm a real nasty nigga  
Yea, I'm a real nasty nigga  
Say I'm a real nasty nigga  
Yea, I'm a real nasty nigga  
Girl, I can get nasty with ya  
I can get nasty with ya  
Cause I'm a real nasty nigga  
I'm a real nasty nigga
