Kirko Bangz

I see these hoes ass niggas talking shit about a nigga  
Wanta make a nigga go and pull a bitch out a nigga  
Probably take a nigga hoe but I don't fuck around with bitches  
That gone fuck around with niggas that be talking down on niggas

And I ain't go do your feature, no I ain't go your song  
You know that you don't fuck with me so leave that shit alone  
I ain't been doing this for long but I'm already turning cold  
Whatchu believe in doesn't matter in this game its about the dough

And thats some shit that I ain't down with  
your niggas trying to get high with your down bitch  
And she already shot him down nigga gone quit  
but he just tell her fuck that nigga he ain't got shit  
And I ain't trippin play the game niggas know I keep it playa  
But don't be shaking my hand when you, I know you faking  
And I know you niggas waitin for me to fall off  
You hating cuz I be the newest face around the south

I see these hoes ass niggas talking shit about a nigga  
Wanta make a nigga go and pull a bitch out a nigga  
Probably take a nigga hoe but I don't fuck around with bitches  
That gone fuck around with niggas that be talking down on niggas

But now I feel like these people be the lamest people  
They be fighting fo reality, and fightin reality

Everything we created getting stripped away from us  
All these niggas act like they gone go and call a play for us  
And these industry people they trying to stay away from us
