Kirko Bangz

She a waitress at the strip club  
She a waitress at the strip club

She a waitress at the strip club  
I met her at the... strip club  
Oh no no I ain't trying to save her  
Man I just gotta keep it playa  
She ain't in the club looking for love  
That's why I can relate to her  
She know I'm the young don of my city  
And I got that shit that every bitch want  
She remind me of Jazzy and Jazzy  
Oh no she ain't flashy ain't flashy  
She like to keep that shit classy and classy  
She shittin' all on these dancers these dancers

But she a waitress at the strip club  
She a waitress at the strip club  
She a waitress at the strip strip club  
She a waitress at the strip club  
She a waitress at the strip club

She a waitress at the strip club and she about to graduate  
She got two jobs and a kid yo but none of that can get in my way  
Man I know I gotta get her today  
I don't even know what's her name  
And deep down a nigga want to spend some time with her but that  
shit ain't part of the game  
She remind me of Jazzy and Jazzy  
Oh no she ain't flashy ain't flashy  
She like to keep that shit classy and classy  
She badder than these dancers these dancers

But she a waitress at the strip club  
She a waitress at the strip club  
She a waitress at the strip strip club  
She a waitress at the strip club  
She a waitress at the strip club
