Daughters Down

Kittie

I feel helpless, stare in disbelief How can you still sleep at night?

Hold her with just one look, Just one foot she's innocent Put your hands around my neck Stripping me of all my dignity

Wendetta black against her Your bloody mouth against her

Raped of everything she owned It's so lonely at the bottom Putting pieces of a pizzle Back together we've forgotten

Throw your daughters down Hold your daughters down

Seeing beauty turn to waste Let your ego be the death of me Hand held tight behind my back Stealing all that's precious to me

Wouldd you do this to your own? Breaking, lying to my face I can see you're still the same Kill before and kill again

I WILL FIGHT UNTIL THE DEATH
