

Raven

Kittie

Not feeling, not nothing
Good intentions, but jealousy takes over all
Excuses, abuses
This time, I know it's not over so I
Take all my pride
And I shove it back down inside
This time harrassment's gone too far

Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!

He wanted more
Wanted a silenced whore!
Ruined my life
Kill me now, and burn my soul

Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!

Why do you say to me
I can't go out at night?
Answer me!
Tell me I gotta do it like this, gotta do it like that
Answer me!
What about all those times
You looked me in the eyes and said
It's over, it's over
Why do you say to me
I can't go out at night?
Answer me!
Tell me I gotta do it like this, gotta do it like that
Answer me!
What about all those times
You looked me in the eyes and said
It's over, it's over
Why do you say to me
I can't go out at night?
Answer me!
Tell me I gotta do it like this, gotta do it like that
Answer me!
What about all those times
You looked me in the eyes and said
It's over, it's over
I'm through...

Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!
Get away from me!
Stay the fuck away from me!

You sold your soul to me!
