

# Sleepwalking

Kittie

Watching me fall  
Into the flames  
Of a broken soul tonight  
No stone overturned  
This graveyard of mine  
Allows me no peace

Sleep as day dies  
Sleepwalk with the dead  
Wander aimlessly through the night

Love and regret  
Course through my veins  
As I slowly fade away  
Please let me sleep  
Just one last night  
Before I must wake

Sleep as day dies  
Sleepwalk with the dead  
Wander aimlessly through the night

And I walk with these ghosts  
And I walk with these ghosts  
And I walk with these ghosts...

Sleep as day dies  
Sleepwalk with the dead  
Wander aimlessly through the night

Sleep as night falls  
Sleepwalk with the dead  
Hope keeps me alive  
Through this life
