

# Whiskey Love Song

Kittie

Curse your name  
A thousand times  
Love and hate  
Worlds collide

Doors swing open  
Fate decided  
Take that first taste  
In your arms it kills me slowly

And I love  
You for all  
All these nights  
I can't remember  
And I hate  
You for all  
All these nights  
I WANT TO FORGET!

Amber love  
Say my name  
Whisper disappointment  
Bring me heartache

Doors swing open  
Fate decided  
Take that first taste  
In your arms it kills me slowly

And I love  
You for all  
All these nights  
I can't remember  
And I hate  
You for all  
All these nights  
I WANT TO FORGET!

I DON'T KNOW WHY I LIKE THE FEELING  
YOU ALWAYS SEEM TO LET ME DOWN  
AND I'M NOT ONE FOR DISAPPOINTMENT  
BUT I WILL DRINK YOU TILL I DROWN

And I love  
You for all  
All these nights  
I can't remember  
And I hate  
You for all  
All these nights  
I WANT TO FORGET!
