

What I Believe Dear (is All Up To You)

Kitty Wells

What I believe, dear, is all up to you
Those things they are saying
Don't have to be true
I'll tell my heart they lied
All gossip can't be true
For what I believe, dear, is all up to you
I'll put my faith in you as long as I live
To prove that my love is true
What more can I give
Let the rumors fly, who cares
As long as you're true
For what I believe, dear, is all up to you
