

You Want Her Not Me

Kitty Wells

Your touch tells me all I need to know I lost you it hurts to see you go
Yes I'm unhappy but at least my heart's free I'm no fool you want her not me
You want her not me the truth I know though you're not man enough to tell me so
Our love's nothing more than a memory since I found out you want her not me

I knew something was wrong your kisses grew cold
When you found new love my love was old
Oh you stare in the space your eyes don't see
The whole town knows you want her not me
You want her not me
