

I've been looking for a love like you, for a home like you, oh
oh
I've been looking for a love like you, for a home like you, oh
oh

Ain't nobody do like me and you, do like me and you
And ain't nobody knows what me and you, what me and you do
I've been hitting on a vibe like you, got me sky high too, oh o
h
Every second is a highlight, oh, with a love like you, oh oh

I've been looking for a love like you, for a home like you, oh
oh
Got my rhythm and it's all brand new, now that I found you, oh
oh
Oh I can see it, this time I believe it, we'll live like we got
nothing to lose
I've been looking for a love like you, for a home like you, oh
oh

Ain't nobody quite like seeing you, like feeling you
Ain't no alibi like being true, like you and I do
Tying back the years like younger days, like younger days
Crying happy tears like summer rain, like summer rain

I've been looking for a love like you, for a home like you, oh
oh
Got my rhythm and it's all brand new, now that I found you, oh
oh
Oh I can see it, this time I believe it, we'll live like we got
nothing to lose
I've been looking for a love like you, for a home like you, oh
oh

Don't let nobody talk about us
We know what we do
I went high and low a long time ago
These rivers run true

I've been looking for a love like you, for a home like you, oh
oh
Got my rhythm and it's all brand new, now that I found you, oh
oh
Oh I can see it, this time I believe it, we'll live like we got
nothing to lose
I've been looking for a love like you, for a home like you, oh
oh
