

# Choked

Klone

Choked  
I feel choked  
Eternal choke  
Around my neck  
Sin  
The sin is fake  
Devoid of sense  
Destroys the evidence

Swallow your lies  
Swallow your lies  
Your pain will strike

And I will stay here to complain  
My hope is so falling away  
And I lose all my sanity  
Till destroying the chosen way

More  
We want more  
A long and wrong life

I choke

Devoid of sense  
Your pain will strike  
And I will stay here to complain  
Till destroying the chosen way

The sin is fake  
Destroys the evidence  
I feel choked  
Eternal choke

Beyond redemption  
Rise up in your lies  
How can I stay deaf to the call  
A long and boring life
