

I hung it up and jack it down (Loving can be an art)
Lie on your back (Loving can be an art)
I could make it go snap snap snap (Loving can be an art)
And we hear it go crack crack crack (Loving can be an art)
Fun? it down rip it off (Loving can be an art)
I can ease your tricks like this (Loving can be an art)
It's nothing
It's nothing

Lie on your back
I can hear it go snap snap snap
God I feel healthy god I feel fine
That little conillon's mine mine mine
Don't worry about me
There's plenty of time for everything

God I feel healthy god I feel fine
