

Penetration

KMFDM

So give me water
Don't give him creeps
Don't make me stand in line and make me wait
Just keep on making more
The baleful rings, the creeping calls

Salvation
Penetration
In deprivation
With penetration

I got a hand in the honey
I got a fist in the burning
I got a wrist that's wrung out
I got a taste of the money

Forgotten from all I knew and here I come
Here I come
With penetration
In deprivation

I know a place that's sunny

Oh penetration

Penetration, lets live this loose
Bed with me and you like to choose
Penetration has the strangest times
Penetration has the strangest beds
Of the good and great

I'm stacked with hate

Don't hide, don't sleep
Don't move, don't cheat
Don't give, don't tell
Don't cut, don't kiss and tell
Don't kiss and tell

I got a hand in the honey
I got a fist that's burning
I got a hand in the honey
I got a fist in the burning
I got a wrist that's wrung out
I got a taste of the money

Forgive me
Forgive and greed
I cannot stand in line and wait

Penetration
